

## Kamm's Corners Farmers Market COVID-19 Safety Guidelines & Policies EFFECTIVE JUNE 13, 2021

We ask all of our staff, volunteers, vendors, and customers to follow best practices in distancing, PPE, and sanitation to ensure that our market can stay open and operating.

### General Guidelines:

- Hand sanitizer and sanitizing supplies available
- Designated eating areas for hot and prepared foods
- Samples and hot foods can only be served if:
  - They are prepared for single-serve
  - Served to the customer by the vendor
  - Are not sitting out for customers to take, and must be away from foot traffic to prevent contamination
- Vendors will be grouped by category to limit time searching for products
- **Per CDC guidance, unvaccinated vendors are required to wear masks**
- **All vendors are encouraged to wear masks, or to provide distancing when unmasked** (i.e. placing a second table between the vendor and the customer)
- Sick employees, volunteers, and vendors must stay home and not return until they are free of fever for at least 72 hours without fever-reducing medication, as well as:
  - Improvement in respiratory symptoms (e.g., cough, shortness of breath)
  - At least 7 days have passed since symptoms first appeared
- Those who appear to be ill upon arrival to market or become sick during the day will be sent home immediately
  - Please take your temperature before coming to the market.

### Vendor Policies:

- **Per CDC guidance, unvaccinated vendors are required to wear masks**
- **All vendors are encouraged to wear masks, or to provide distancing when unmasked** (i.e. placing a second table between the vendor and the customer)
- All vendors must sanitize their stands regularly, primarily wiping down tables, terminals, cash boxes, etc.
  - Familiarize yourself with the [CDC Guidelines](#) to clean and disinfect surfaces
- Samples can only be served if:
  - They are prepared for single-serve
  - Must be served to the customer by the vendor
  - Samples cannot be sitting out for customers to take, and must be away from foot traffic to prevent contamination
- KCFM recommends using only materials that can be immediately washed and sanitized after use
- Clean your hands frequently, ideally between each customer transaction. Follow [CDC recommendations](#) for cleaning your hands

- Consider purchasing a contactless chip reader to process customer sales
- Discourage shoppers from touching any products, rather allowing the vendor to select and bag products customers wish to purchase

#### Customer engagement:

- Customers must stay home and not return until they are free of fever for at least 72 hours without fever-reducing medication **and** improvement in respiratory symptoms (e.g., cough, shortness of breath) **and**, at least 7 days have passed since symptoms first appeared
- When market is crowded, customers are encouraged to wear masks, especially when they are not able to properly social distance
- Discourage shoppers from touching any products, rather allowing the vendor to select and bag products customers wish to purchase
- Clean your hands frequently. Follow [CDC recommendations for cleaning your hands](#)

#### Family Activity Tent Guidelines:

- A capacity should be set for the Family Activity tent by the market staff and volunteers to ensure that unvaccinated children are able to properly distance

#### Chef Demo Guidelines:

- In-person chef demos may resume this season, however demonstrators must:
  - Sanitize the cooking surface before and after demonstration
  - If food is to be shared, the demonstrator must follow the same guidelines as sampling and hot foods:
    - All food must be served by the demonstrator or assistant
    - All food must be prepared to be served individually

#### Healthy Living Guidelines:

- Healthy living features are also to follow best practices
  - Regular disinfection of surfaces
  - Social distancing where required
